CONTRACT COKE MARKET GAINS AS SPOT BECOMES SHADE EASIER

motation on Former \$8.00 But Operators Are Indianosed to Make Sales.

HGHER PRICE IN SIGHT

t is Thought, But Both Buyers and Sellers Believe Watchful Walting is the Best Policy; Spot Foundry is in Meavy Demand at Wide Price Range

Special to The Weekly Courter, PITTSBURG, April 25 .- The trend oted in previous weeks, of contract oke becoming stronger relative to pot coke, has been marked in the ast week. The spot market is indeed shade easier, but the contract mar-et is indubitably stronger: The stateent in this correspondence a week to that a second half contract for 000 tons of furnace coke a month as made at \$8.00 was questioned some quarters but it is now uniersally admitted that the contract The conclusion drawn, as made. The conclusion drawn, at in the absence of other transtions this sale established the quotske market on contract coke at \$8.00. as criticized at the moment but dedopments of the past week show at a quotation of \$8.00 on second if furnace coke was conservative, r operators who a fortuight ago ere talking as if the market might developed at about \$7.00 are now disposed to sell at any price, while me operators have definitely con-uded that the outlook is for an even

id generally at a price near \$8.00 another matter. They show no dis-sition to do so at this time. Buyers d sellers are in harmony on onint, that the best plan is to wait

gher price.

The softening in the spot market s been due to better car supplies iding to heavier production.

ich very high prices have been ed even for railroad fuel. Steam i is \$3:50 or higher and on %-inch coal \$4.00 can scarcely be shaded. definitely taken up as yet. he pig iron market has been fairly ive the past week, but decidedly active than in two or three preing weeks, and prices have not adiced except that prompt-foundry i malleable are bringing a premium r extended deliveries. While the ak of there have been very sharp t the market at the moment is not

to reach \$50 a ton. here has been some talk in pig 1 and coke circles regarding the e against even a continuance, of tention, sent prices but there does not m' to be any prospect that the ition to secure special prices on particular objection to allowing infacturers to make all the money

than last year by perhaps 100 person.

The contract furnace coke market is making gains while spot is becoming easier. Both buyers and sellers are agreed that watchful watting is better policy at this time, the former being indisposed to sell and the latter any fling to make offers Foundry coke in heavier demand at a wide range in prices.

BETTER CAR SUPPLY RESULTS IN INCREASED COKE MOVEMENT

COKE TRADE SEMMARY.

Because of the unusual mendent of the reales at an important noint being out of commission during the groater part of last week, requiring considerable cohe traffle to be diverted to other scales, the complete resides of the week are not available, hence the figures given are meaniplete, that for any previous week of the year, such shipping data as is at hand indicates that the total of coke loaded out, if not credited to the week's tonnage, was larker than that of the preceding week and possibly the greatest for a single week's tonnage, was larker than that of the preceding week and possibly the greatest for a single week's tonnage, was larker than that of the preceding week and goostby the greatest for a single week and was no pronounced at semi works that only five days actual time was made. Other plants kept in operation full six days but they did not secure as average week's production by pervaps one-sixth and, in sure that no doubt ours from the preceding week including the loss of that week, which was also a part of the Easter holiday observances, the less from this cause was about 26,000 tens. This is better that last year by perhaps loss of the contract. COKE TRADE SEMMARY. ords of Shipments Show.

ANNUAL EASTER SLUMP

In Production Was Much Less Severe Than That of Last Year; Loss From This Cause About 20,000 Tens For The Whole Period of the Holiday.

Far as Incomplete Rec-

The figures given in this column of the shipments of coke from the Con-nellsville region for the jweek ending Saturday, April 21, do not cover the whole movement during that period. The scales at one of the most important points in the region were out of commission during the greater part of the week and it became necessary to divert shipments by more or less in-direct routes to other scales. The returns are not yet available, hence the

data given is not complete.

Because of this unusual interruption to the coke movement it is highly probable that many cars which left the coke plants during the working days of last week did not reach the scales in time to be included in the week's business, and were not weighed until Monday or Tuesday of this week. This would result in more or less of last week's tonnage being credited to this week, as will doubtless appear by the records yet to be compiled.

The car supply last week was better than any week thus far during the year. If the full record of shipments were available, as they have always BROUGHT SLUMP substantial increase over the preceding week, if not also the highest total

HINES RESUMING.

Repairs to Dam at Lock No. 4 Rapidly Nearing Completion.

The stage of water in the Monongahela river which has been very low since the break in the dam at Lock No. i some weeks ago is again assuming normal proportions, and many of the mines that have been idle are now resuring, as the lowboats are able to bring empties up the river and take out loaded barges

Repairs on the dam have been going rather slowly, but the work is now so far advanced that no further trou-ble is anticipated.

CEN. SUPT. LYNCH H. C. FRICK COKE CO. OFFERS CASH PRIZES

To High School Boys, Raising The Largest Crops of Pointees.

\$150 FOR THE WINNERS

To Be Divided According to Yield of

sued by the President of the United "It is possible but not ikely that States in which it is stated that "the loss in production can be made up

boy who will produce the largest realize it before midsummed, number of bushels of potatoes during "No one understands the serious-

nation by his work, is likely to cause the high school youth to spend all the DEMUTHS SEEK time necessary in the cultivation of his garden plot. A field of the size required will yield 500 bushels if properly exced for.

Superintendent Ashe has figured that it will cost a boy about \$15 to do his planting. An earnest attempt will be made by the school authorities to induce about 20 of the high school

enterwise; the sum advanced to be repail, without interest, when the crop is harvested in the fall. Prin-cipal B. B. Smith of high school has figured that it will take about \$15 for each boy to provide for preliminary

The letter from Mr. Floto follows:
"Dear Sir:-"Referring to the very generous

prices offered by Mr. Clay Lynch to the high school boys in the potato raisng contest, it occurs to me that some of the boys may not have the funds to provide the seed, tertilizer, etc., to wart their enterprises.

"The company offers to advance to ,iny boy not having the funds a sufficient amount of the funds to pay for the seed and fertilizer required for the planting; the money without interest to be repaid when the crop is harvest-

ed in the Fail.
"Trusting that a great many of the boys will engage in this patriotic and business proposition, I am, etc."

Furnace Makes a Record. when the checks are prepared by No. 1 bfast furnace of the Shenangu the Pittsburg division offices.

COAL DEMAND AND OUTPUT

Consumption Will Increase But Without Hope of a Proportionate Increase in Production This Year.

"A careful study of the commercial of industrial situation in the United States leads to but one conclusionsays the Coal Mining Review—"There will be an increase in the demand for coal with no possible hope of a pro-portionate increase in the production. The contributing factors to a shortage in the coal supply have been explain-ed_to be the railroad car shortage. insufficient motive nower and labor o Be Divided According to Yield of shortage. The shortage in railroad the Test Plots of Ground; A Local equipment will not be overcome and Trust Company Proposes to Finance the labor shortage cannot be relieved. Boys Not Having Funds for Seed owing to the new and serious problems now confronting the nation and which will draw upon every available resource of the country.

nellsville high school who produce. "The labor shortage, instead of be-the largest number of bushels of po-ing relieved, will become more acute tatoes this year of three cash pirzes, and to that extent will have an unand to that extent will have an integrating \$150, has been made by favorable effect on the increased pro-Clay F. Lynch, general superintend-ent of the H. C. Frick Coke company. In a letter to Superintendent S. P. ductive industry and it will to that Ashe of the local school, Mr. Lynch, quoting from the appeal recently is-sued by the President of the United.

"It is neverable but not ikely that

supreme need of our own nation is by a more complete distribution of an abundance of food stuffs," says he the present available labor, in order desires to give "an additional stimuto give a greater number of men lus to food production," and names steadier employment. The effect on the following prizes: coal production is going to be felt First—Seventy-five dollars to the and the consumer of coal will fully

the coming season.

Second—Fifty dollars to the boy raising the largest number of bushels of potatoes per acre during the complex consumption, with little hope of increased production, better than the large consumers of coal. Even the railroad fuel agents have finally abandoned their efforts to buy cheap boy raising the second largest num- coal. They are now making a quiet ner of bushels of notatoes per acre but francic effort to purchase a fuel ituring the coming season.

The conditions which Mr. Lynch mum price of two dollars per ton and nakes are as follows:

supply for the railroads at a minimum price of two dollars per ton and a number of railroad contracts have

nakes are as follows:

No prize will be given unless at the seast 10 per cent of the boys in the sight school enter the competition.

The area of the plot or garden cultivated by any one boy must not be invitable result of increased consumption, and with very little invitable result of increased consumption, and with very little invitable result of increased consumption, and with very little invitable result of increased consumption, and with very little invitable result of increased consumption, and with very little invitable result of increased production of coal keeping pace with the demand for fuel. There is no necessity for letter the consumer or producer of coal to deceive themselves, or to permit any other person to deceive or missiend them with reference to the: livated and they shall furnish the coal to deceive themselves, or to porplets, tools, seeds and fertilizer.

The boys must piedge themselves in instead them with reference to the market. The big problem with the accept assistance from anyone except for the first plowing. for the first plowing.

Superintendent Ashe and Principal equitably and impartially with all 3. B. Smith will put the matter before consumers of coal. It is this peculiar B. Smith will put the matter before he boys of the high school immediately, and if there is a response, the tion and production of coal which no names of the boys who wish to enter the competition will be taken, and panles to decline to contract the enter they will be asked to select locations for their plots at once.

The cultivation of 10,000 square feet, or one-sixth of an acre, is rather a large order for one city boy, it is believed, but the size of the prizes in addition to the sense of helping the nation by his work, is likely to cause

AN INJUNCTION

Would Restrain Frick Company Dayidson From Encroaching On Their Farm.

Work at the Davidson mine, where forces of the H. C. Frick Coke comforces of the H. C. Frick Coke com-boys to in est this much, and to work for the przes.

Offering to advance to any high school by who plans to enter the contest fir the Ciay Lynch prizes for largest yelds of botatoes from city lots, the money necessary for seed. lots, the money necessary for seed, for ploying the ground, and other preliminary expenses, E. R. Floto of the Yorgh Trust company has addressed a letter to Superintendent of Public Schools S. P. Ashe in which he ores the boys to engage in "this Public, Schools S. P. Ashe in which he orgs the boys to engage in "this particle and business proposition."

The company, Mr.: Floto announces, will praish the money to boys who will praish the money to boys who abuttments.

Judge E. H. Reppert directed a rule. Judge E. H. Reppert directed a rule, tequiring the defendants to show cause why a preliminary injunction should not be issued as prayed for This Will Represent Only the Conby the plaintiffs. A FARM LABOR ARMY.

In the calls that have gone out to the country from the president and other sources, to mobilize our forces and resources for the war none is of greater importance or timeliness than the appeal for a greater production of farm-crops.

Response to this must not be left to scattered few in each community, but the duty rests heavily upon each tiller of the soil to accept a personal responsibility and answer the call as eadily and fully as if it were direct ed to him as a separate individual

The effort being made to promote a larger production of farm products is receiving unusual support from all the state and federal agricultural agencies and is generally meeting with sympathetic response from the

THOMAS NICHOLAS. Thomas Nicholas, 39 years old, birth, and it seemed evident that, though foreign by birth, they were the flag raising will be carried out though foreign by birth, they were the flag raising will be carried out the core.

The flag raising will be carried out was quite young. He continued to reduce the was treated in a fall, at a particular ally of employes. The side here until over five years ago when he went to the soldiers' home. For the injury following his discharge the plant, planned the celebration. He was a son of the late Henry and from the nospital, and for conveniences. engaged a room at the hotel. When he failed to get up yesterday morning, the maid thought he was only sleeping late. Becoming alarmed when he had not made his appearance as late as 2 o'clock yesterday afternoon an investigation was made and his body was discovered. A physician, who was immediately summoned, pronounced o'clock Friday evening while working in the parten of his home, 88 Penn-sylvania avenue, Undontown. He was fix years old. Apparently in the bert day at his office and on his way home greated many friends on the streets, consequently the news of his suddent came as a distinct shock to the greater part of t heart failure as the cause of his sudpand of Uniontown.

Colone: J. J. Barthart raised a flag, and two grandchildren, Helen White of Mount Pleasant, and Lillian Recember of the Banner." The Civil War veteran then asked for three cheers for the

Mrs. Catherine Taylor Patton, widow of Dr. R. J. Patton, died Friday at her home in Brownsville. Funeral from the family residence Monday afternoon, with butterness. ternoon, with interment in Redstone cemetery, Brownsville. was formerly Miss Catherine Taylor, a member of one of Connellsville's oldest families. She was born in New Haven, now the West Side, February 1, 1832. Mrs. Patton resided in Connellsville until she was 28 years old, removing at that time from Connells-ville to Brownsville, where she resided up until her death. Her husband, who died a number of years ago, was a well known dentist and was connected with many of the industries of the own. Mrs. Patton is survived by one son, T. H. Pation, and one half sister. Miss Salile Taylor of Brownsville, and three grandchildren, Mrs. Joseph T. Johnston of Connellsville: Mrs George Sherman of Pittsburg,

CLAINE DOUGHERTY. Elaine Dougherty, one year old, in-ant daughter of James E. and Nora Dougherty, died Friday at the home of her grandparents, Mr. and Mrs. William Sheehan in Youngstown, O., following an illness of penumonia and meningitis. The body was brought to Connellsville for interment. Mr. and Mrs. Sheehan are former resi-

dents of this city. ETHEL BLANCHE WYNN, Miss Ethel Blanche Wynn, 19 years

JAMES LINDSAY. James Lindsay, 74 years old, a brother of John Lindsay of Green street, died Friday at his home in Wilkinsburg.

LOUIS RENZI. The body of Louis Renzi, who died in the Uniontown hospital, was brought to Connellsville Saturday af-

MRS. JANE MEANS. Mrs. Jane Means died Thursday af-Mis. Jane Jeens ord Taursian ternoon at her home in Unioniown.
Deceased was 79 years old. Mrs.
Means is survived by the following children: John M. Means, of Newell; Mrs. Minnie Stone, of Geneva, Ohio: Henry Means, of Uniontown; Michael Means, of Coolspring; Mrs. Laura Shipley, of Turtle Creek; Westley Vicans and Mrs. Cora Sul)ivan, of Unioniowa. Two sisters, Mrs. Mary Ann Helmick of Millsboro, Pa.; Mrs. Ann Helmick of Althaboro, Fa., and Elhzabeth Wilson, of Dawson, 28 grandenildren and 11 great-grand-

JESSE H. WISE. Jesse Hook Wise, 57 years old, a well known attorney of the firm of Wise and Minor, Pittsburg, died Monday morning in the Puttsburg hospital. Mr. Wise was boin in Greene county, and located in Pittsburg 26 ceived the Democratic nomination for the same office a few years ago. Mr.

Wise was taken ill on a business trip Ret William H. Smith, 59 years, to Arizona and returning home went old, a well known colored minister; to the Pittsburg hospital

Plant Potato "Eyes" Eat the Potatoes

More inquiries reach the National Emergency Food Garden Commission, which is co-operating with The Courier in urging garden planting this year, asking about potato growing than relate to any other crops. This is due to the fact that the price of potatoes this buring has reached heretofore unknown heights.

It is entirely possible to grow a considerable crop of potatoes in a good-sized back yard, but if potatoes are grown there will be little toom for other crops. In a small garden it is hardly worth while to plant only a few hills of potatoes.

A garden space 50 by 100 feet will produce 12 to 15 bushels of

early potatoes with good care, and may do much better than this. Late potatoes produce larger yields than this.

The soil should be thoroughly prepared for potatoes, the finer its grain the briter. Potatoes are grown not from seeds but from the tubers themselves. The small "eyes" in the potato, which everyone has observed, is the embryo sprout waiting only for soil to make it

grow.

The cost of potatoes, therefore, makes the seed expensive. But this cost can be offset by the method of planting. Since only the "eye" and a small portion of the tuber's flesh with it need be planted, the hody of the potato may be eaten after the "eyes" have been cut out from it. These cuttings should be cone shaped, to save as much of the potato for use as possible. If the soil is finely worked the "eyes" can be planted singly, I foot apart, 8 inches deep or shallower, in rows 26 inches apart.

Potatoes for early use should be planted as soon as the danger of killing frosts is over. After the plants are up and frost threatens they should be protected with straw, newspapers, or the like.

REGISTRATION DATES

Assessors to Set July 17 and 18 and John Guiler Will Permit Farming of September 4 and 5.

UNIONTOWN, April 20:--Official antownships of Fayette county will be persons who wished to raise food gin their work on May 7. This work crops on them during the summer has of registering the voters must be com-

boroughs and townships for the purpose. Contractor hernard boroughs and townships for the purpose of receiving the registration of teams for plowing.

voters not previously registered. A Land cast of the city owned by the duplicate registration book is to be H. C. Frick Coke company, Dr. C. D. returned to the county commissioners Peterson and others is also being on July 29. The registry assessors sought for this purpose. Some fertile again will get at the polling places on land in the vicinity of C. B. PRESIDENT GIVEN **FULL POWER TO USE** RAILROADS IN WAR

All in Congress Granting the Chief Executive Broad

CAN DRAFT THE EMPLOYES

erate Trains When or Where Aug or All Emergencies May Demand; Telene and Telegraph Lines Included

For the purpose of removing any possible question as to the power of the Pennsylvania railroad in the fresident to use the transportation and communication systems of the country in any way and at any time he may deem necessary during war time, a bill has been introduced the Congress by Representative Adamson which broadly covers the subect. The bill not only gives the President power to take possession of railroad, is leggraph and telephone lines and to draft their officers and employes into the service of the government, but also gives him power, without actualthe service of the government, but also gives him power, without actually taking possession, to issue orders for the operation of any lines or parts thereof "for any public purpose ap-parently rendered necessary." The bill has the backing of the adminis-

carries a provision that in time of war or threatened war preference and precedence shall, upon the demand of the President of the United States, be given over all other traffic, to the transportation of troops and material of war and carriers shall adopt every means within their control to facilitate and expedite the military traffic."

The provision of the bill giving the President power to take possession of Price station, W. Va., is progressing the railroads is the same as that of fairly rapid. The bridge across Jake's a bill introduced at the last session run near Price is being erected and of Congress in accordance with the recommendations made by the President for legislation to supplement the between Jake's run and Blacksville. Adamson eight-hour law. The bill Officials of the road state that it will

"That in case of actual or threatened war, insurrection, or invasion, or any emergency requiring the transany emergency requiring the trans-portation of troops; military equip-ment, and supplies of the United Whoeling railroad, that the Buckhan-States, the President, when in his judgment the public safety may re-pow owns 51 per cent of the stock of quire, is hereby authorized to take the/former.

possession in whole or in part of any A steam locomotive and passenand all telephone and telegraph lines ger car make two trips per day over in the United States, their offices and the Morgantown & Wheeling road, beappurtenances; to take possession in tween Morgantown and Price's statement of the road lines in the United States, their trips per week over the road, rolling stock, offices, shops, build- E. A. Price has optioned the coal ings, and all their appendages and underlying his farm near Doil's Run appurtenances; to prescribe rules and church along the line of the road, at regulations for the holding, using, and maintaining of the aforesaid rail-road, telephone, and telegraph lines or that portion of the same of which possession may be taken, in the man ner most conductive to the safety and ner most control to the sairly and welfare of the United States; to draft this the military service of the United States and to place under military control any or all of the officers, agents, and employes of the railroad. telephone, or telegraph companies whose lines are so taken into possession; and said officers, agents, and employes shall be thenceforth considered as members of the military establishment of the United States, sub-ject to all the restrictions imposed by

the rules and articles of war."

It is also provided that the communication of intelligence over telephone and telegraph lines and trans portation of troops, equipment, mili tary property and stores, shall be conducted under the control and supervision of such officers as the Presi dent may designate, and whenever in his opinion the public safety no longer requires the continued possession by the United States of the railroad. telephone and telegraph lines, they shall be restored to the owners and that the damages suffered or the com-pensation to which the companies may be entitled shall be determined by the Interstate Commerce Commission, due regard being had to the terms of any land grants or contracts theretofore existing between any such company and the United States. During the time that the United States is in possession, the officers, agents or employes shall receive for their services such compensation as they were similar

almilar services.

Another section provides that when it becomes necessary for the President to take over railway lines, he is "authorized, without taking pessesion of any of the carrier lines, to is-sue orders, either direct or through such persons as he may designate for the purpose, to any of the officers or persons operating in any capacity any of the carrier lines, to operate same or any part thereof for, any public purpose. And it shall be the duty of any and all such officers or other persons to obey strictly and conform promptly to such orders, and failure to comply shall render such officers persons guilty of a misdemeanor and shall, upon conviction, be punished as prescribed."

Another section of the hit provides that any person or persons who shall In time of war knowingly and willfulby obstruct or retard the passage of the United States mail or the orderly conduct or movement of interstate or make-up, or movement, or disposition of any train, locomotive, car or other ing the Oregon-California land case duction of coal and enlisting the max-vehicle on any rathroad engaged in today, the Supreme Court affirmed the intum cooperation of employers and interstate or foreign commerce, shall Oregon federal court decrees enjoin employes represented in the coal min-be deemed guilty of a misdemeanor ing the Southern Pacific railroad from ing industry, so as to meet the requireand for every such offense shall be oisposing of timber and mines on its ments and needs of the national govpunishable by fine of not exceeding land received by Congressional grant, enument as set forth by the labor com-\$100 or by imprisonment for not ex

CONSTRUCTION OF THE P. R. R.

Between Millsbaro and Waynesburg to Begin Shortly and Completed Within Year is New Assured.

The Waynesburg Republican is quite positive in the assertion that the Pennsylvania rallroad extension from Millsboro to Waynesburg will be completed within the present year.

The preliminary work has been pushed forward as rapidly as possible. There has been some unavoidable delay in securing rights of way for the road. Several persons whose property has been accepted have not obtained abstracts of title yet. The law firm of Kyle & Feinhart have been busy on legal work for the com-pany for weeks past and this is being completed just as rapidly as possible Ross I. Davis, right of way agent cossible question as to the power of of the Pennsylvania railroad in the

M. Moderwell, Illinois; J. D. A. Morrow, Pennsylvania, and J. C. Kolsem, Indiana. Miners, Frank Farrington, Illinois; Ed Stewart, Indiana; John Moore, Ohio: Philip Murray, Penn-sylvania, and William Green, Ohio. Commenting upon the work of the conference John P. White, president of the United Mine Workers of Americz, said:

Operators in the bituminous fields of Illinois, Indiana, Ohio and Western Pennsylvania have been quick to ap-preciate the necessity of wage advances to meet the difficulties faced by miners who were anxious to do their share and asked only for adequate provision in the wage schedules for the vital needs of themselves and their families. Substantial increases have been agreed upon and the miners will now go to work with redoubled energy, confident that the family larder will not go empty.

The agreement which provides an advance of 20 per cent, in the wages turmoil and confusion that swept of miners in the central competitive over the English coal industry and the mines. In detail the revised to the payment of hounses, always a source of controversy and discord, and have met our demands for a flat indefinitely what his carnings are to
